
Core Facility | Augsburg

Medical Statistics and AI-Based Modelling

Instrumentation:

This service is provided by a joint facility run by the Chair of Computational Statistics and Data Analysis and the CCCA Institute of Pathology and Molecular Diagnostics.

Services:

- Sophisticated statistical analysis including AI
- Deep learning algorithm development

Contact Information:

Further information: <http://csda.math.uni-augsburg.de/>

Facility Location:

Chair of Computational Statistics and Data Analysis
Institute of Mathematics
University of Augsburg
86135 Augsburg

in collaboration with

CCCA, Institute of Pathology and Molecular Diagnostics
